

Hardware and Parts

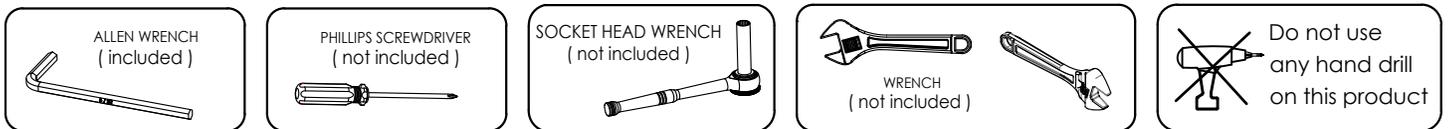

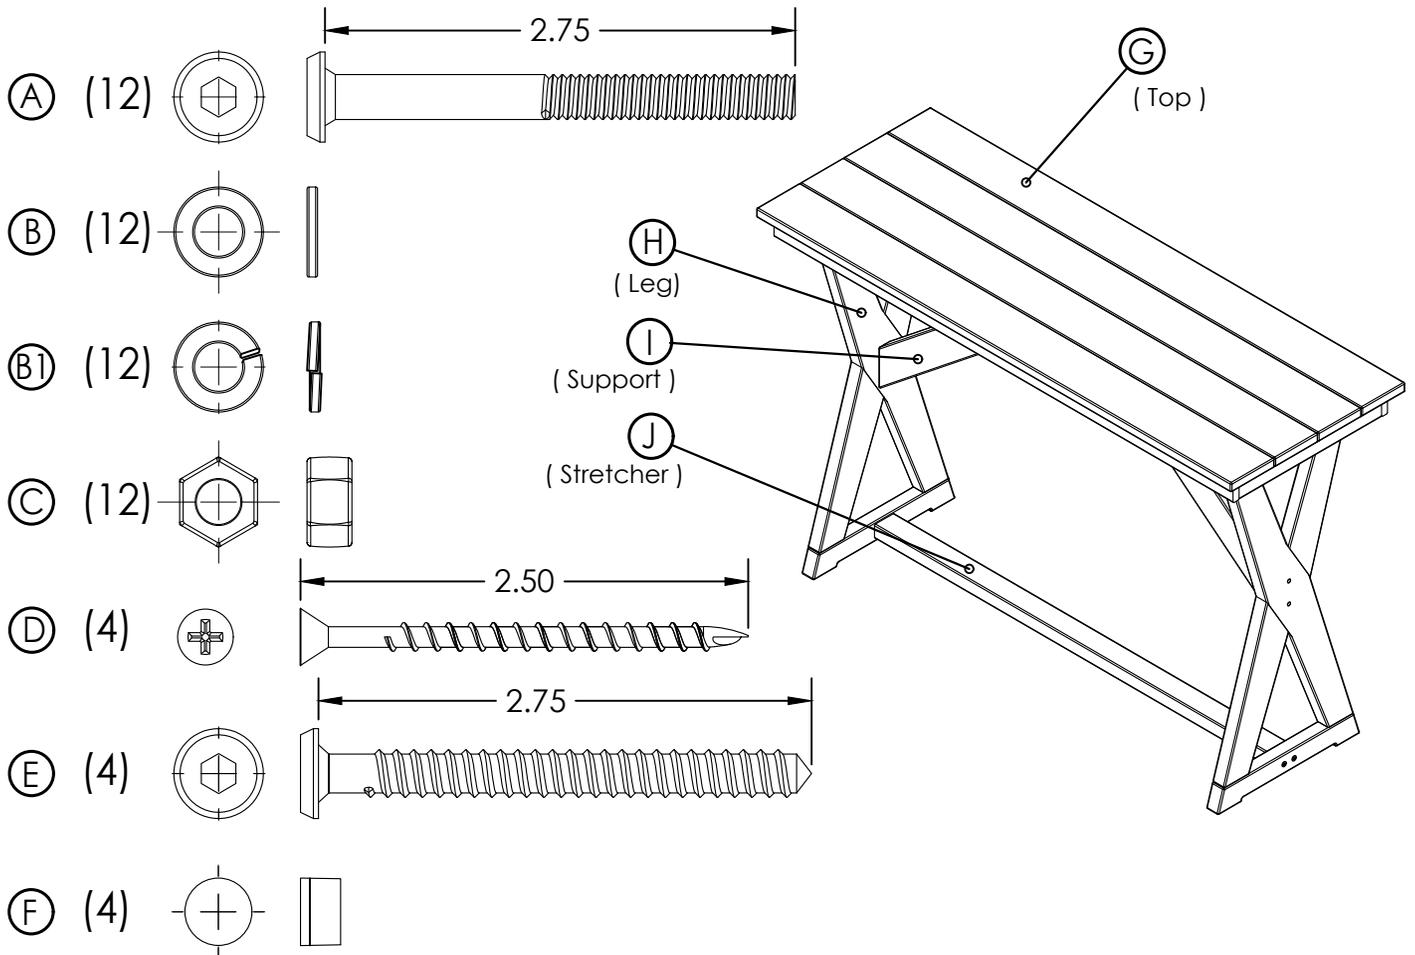

Figure 1

1- After laying out all components, place one Leg (H) upright as shown below. Insert a Bolt (A) through the Aluminum Frame and through the slots in the topside of the Legs. Secure in place with a Washer (B), a Split Lock Washer (B1), and a Hex Nut (C). With all 4 Bolts secured, attach the second Leg using the same procedure.

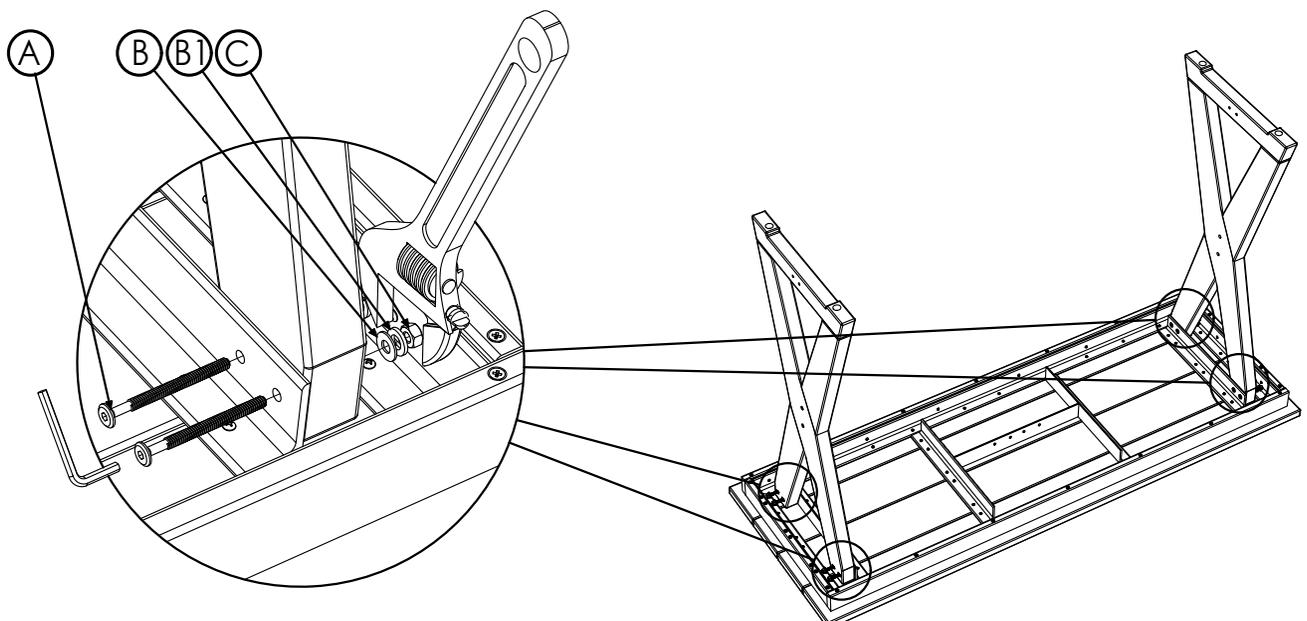

Figure 2

2 - Place and align the Support (I) with the aluminum support holes in the Table Top (G). The top of the Supports have slots cut in them for ease of assembly. Using (2) Connector Bolts (A), loosely attach the Supports to the Table Top. Use the Allen Wrench to hold the bolt, place a Washer (B), Split Lock Washer (B1) and secure with a Hex Nut (C), assembly shown in detail below. To assist in assemble, we will wait to tighten them until the final step.

Now, secure the Legs to the Support by driving a Screw (D) through the clearance hole in the Leg into the predrilled pilot hole in the Support. Continue driving the screw until it has bottomed out on the pocket. Once the screw is completely inserted, cover it with the enclosed Plugs (F). Repeat step 2 for the other side.

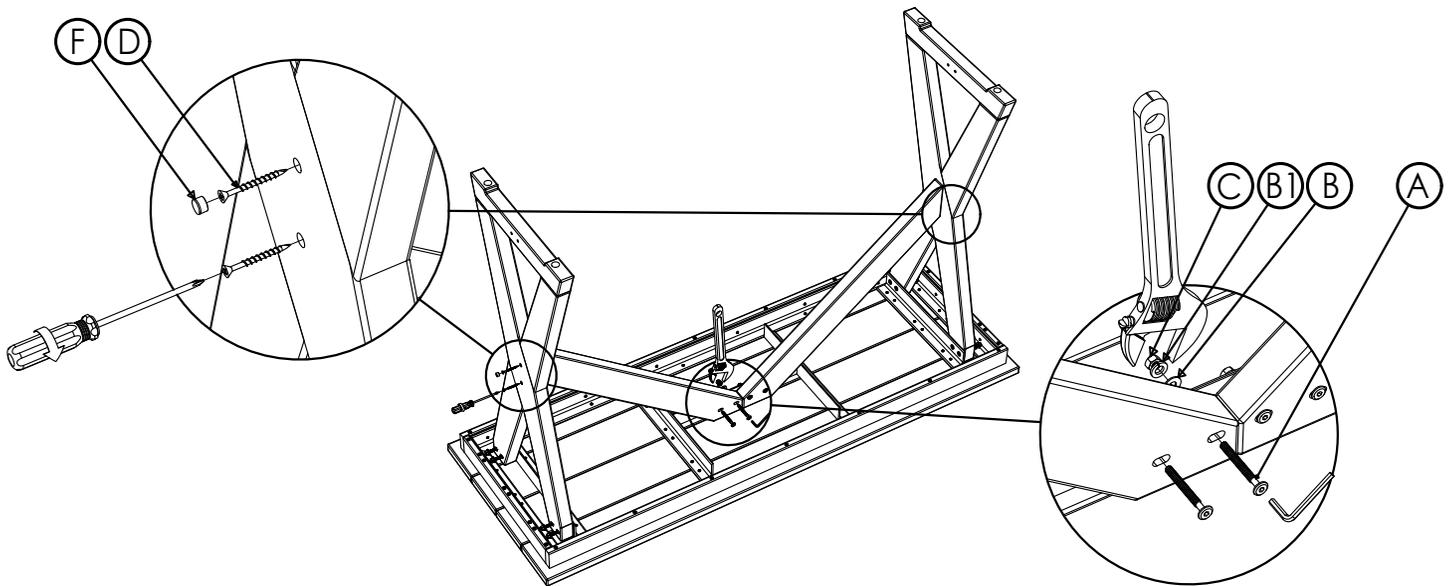

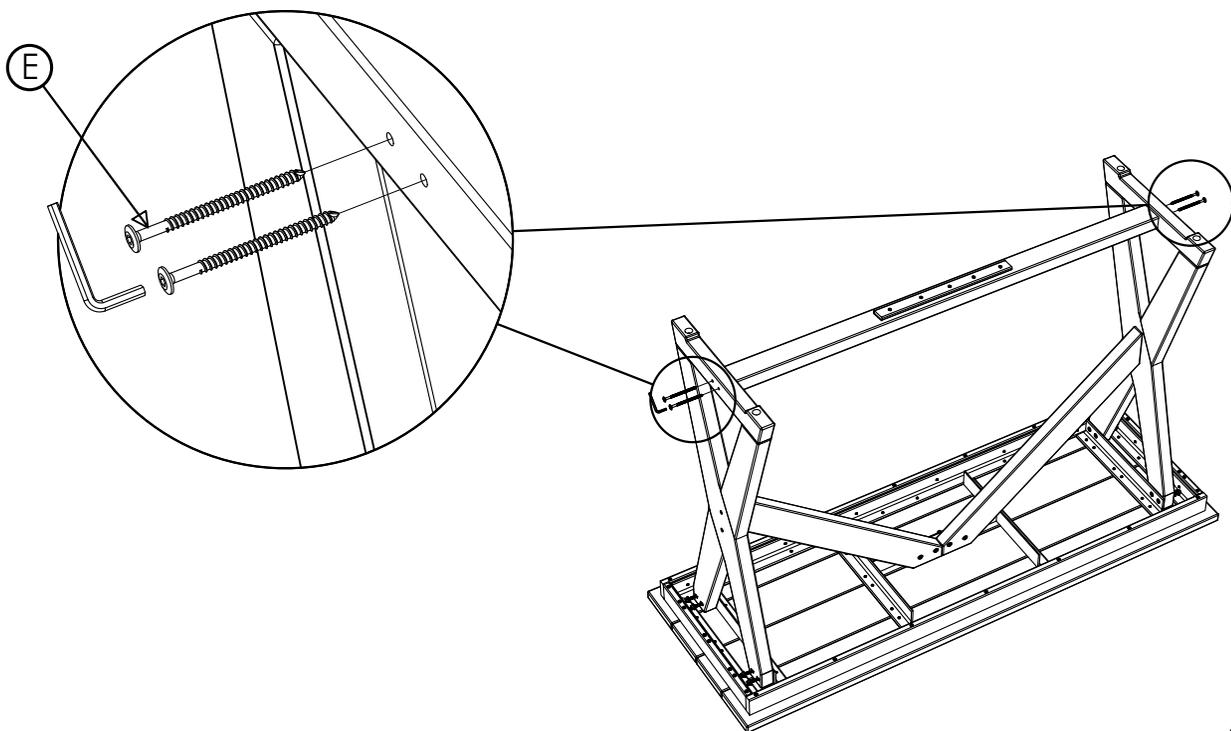

Figure 3

3 - Finalize the assembly of table by attaching the Stretcher (J). Align the predrilled holes on the end of the Stretcher with the holes as shown below of the Legs and fasten with 2 Connector Lag Screws (E). Continue tightening until the bottom of the screw head is flush with the legs. Repeat on the other side. Finally, tighten the Bolts connecting the Support to the Top which were assembled in the first part of step 2.

CARE AND MAINTENANCE

To clean your product, use mild soap and water. For heavy soil build-ups use any non-abrasive household cleaners or ask your Sales Representative about Sister Bay Furniture Cleaner.

Please contact our Customer Service Department for assembly assistance, questions or replacement parts at 1-866-947-7632 or email info@sisterbayfurniture.com. Our Customer Service Department is available Monday - Friday from 8:30 a.m. to 4:30 p.m. EST
